The Association of Energy Engineers invites your company to join commercial, municipal, industrial and institutional energy users at the leading northeast energy conference and technology expo.

GLOBALCON provides a compelling schedule of events covering energy management, power distribution and generation, buildings and facilities, energy services and commissioning, and sustainable development, which also includes the latest developments and strategies for clean, green and renewable technologies.

18,000 members in over 100 countries  
**Association of Energy Engineers®**

# GLOBALCON

## Attendee Comments

"Another great experience!"

"It was nice to see that there were more exhibitors this year."

"Show was set up great! Clean, well organized, great turn out."

"Expo was very well organized, neat, and easy to navigate."

"It appears it is continuing to grow."

"Well organized and good coverage of speakers."

"Over **9/10** attendees rated the expo good, very good or excellent"

"Great conference as usual. I learned some new information regarding technologies."

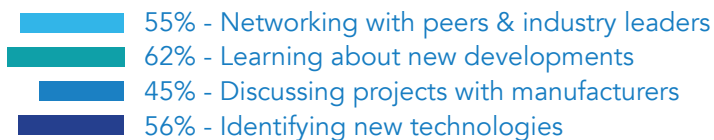

"I always welcome the opportunity to learn something new about the wider scope of industries."

## Network with and Inform Motivated Buyers

Reach customers who are actively seeking the latest generation of innovative and cost-saving energy technologies and services for their facilities by placing your product and sales team on the show floor.

**90%** of exhibitors  
**anticipate sales**  
resulting from  
GLOBALCON

What **value** did **attendees** gain?

## Find and Connect with New Prospects

US States Represented **43**

Countries Represented **26**

This event draws energy industry leaders from across the US, and beyond, to find new solutions and services. With the right strategy, GLOBALCON is an opportunity to expand your company's customer base.

## Energy Industry Professionals

- ▶ Association of Energy Engineers (AEE®) Members
- ▶ Energy Engineers
- ▶ Energy Managers
- ▶ Certified Energy Managers (CEM®)
- ▶ Directors of Facilities
- ▶ Directors of Energy Planning
- ▶ Project Managers
- ▶ Managers of Energy Services
- ▶ Industrial & Commercial End Users
- ▶ Building Administrators
- ▶ Energy Coordinators
- ▶ Building Owners and Property Managers
- ▶ Consultants, HVAC Contractors, and Energy Service Professionals
- ▶ Directors of Finance
- ▶ Managers of Electric Utilities
- ▶ Vice Presidents of Operations
- ▶ Mechanical Engineers
- ▶ Directors of Property Management
- ▶ Energy Consultants for Commercial, Institutional, & Industrial Customers
- ▶ Directors of Engineering
- ▶ Directors of Operations
- ▶ Plant Engineers and Managers
- ▶ Physical Plant Administrators
- ▶ Government Facility Managers
- ▶ Electrical Engineers
- ▶ Process Engineers
- ▶ Institutional Facility Managers
- ▶ Healthcare Facilities Administrators

# GLOBALCON®

## Exhibitor Comments

"Quality leads! So the show exceeded my expectations."

Gregory Green, Advance Thermal Corp.

"Attendees truly interested, as well as being decision makers. Good show, quality attendees and helpful staff."

Fran McDonald, Elliott-Lewis Corp.

"Overall the show went really well, busy the whole time and had lots of relevant people through our booth."

Lauren Sternfeld, Dent Instruments

"ACT thanks everyone for organizing the event and look forward to Boston next year."

Dean Scheurich, Advanced Cooling Technologies

"We were able to get in front of key energy & specifying engineers."

Angela Rinke, Rheem

"This was my first GLOBALCON and it was a great experience. Everything went smoothly. The people we spoke to were of high quality."

Clare Lamperski, Chiller & Cooling Best Practices Magazine

**93%**  
of exhibitors  
would **recommend**  
GLOBALCON

# Develop & Strengthen Your Brand

Today, more than ever, business is built on trust and reputation. By exhibiting at GLOBALCON, you can position your company alongside peers, business partners and competitors. You are sending the message that your company is committed, reliable, and invested in the industry.

## Join the Growing Community

Each year, exhibitors confirm that a major reason they come to GLOBALCON is to maintain the relationships they have built at the event, not just with customers, but also other exhibitors. They realize this expo has become a platform to learn which direction the industry is headed, research the latest developments and share new ideas. And that's something you do not get by staying in the office.

[globalconevent.com](http://globalconevent.com)

## Why Do They Attend

### Energy Management

AEE Members and Energy Professionals return year-after-year to gain exposure to the widest cross-section of energy management technologies, products and services available in the marketplace.

### Lighting Efficiency

Lighting efficiency continues to be a dynamic growth market, and GLOBALCON attendees fully recognize the potential cost savings achievable via upgrading to efficient lighting products, and practices.

### Facilities Management

Facility Managers spend billions of dollars a year on projects involving operational improvements, plant upgrades, maintenance, facilities renovation, and construction. Get face to face with those who make critical buying decisions for such projects.

### High Performance & Smart Building Systems

A cutting-edge forum for HVAC and building efficiency improvement technologies, energy services, and related energy management products which facilitate automation and energy cost control.

### Distributed Energy & Renewable Technologies

End users realize the value of products and services in this market segment. GLOBALCON brings these individuals to you, to learn about the latest developments and technologies for power generation.

# If you're involved in the following... **GLOBALCON is an Ideal Venue**

## **Energy Management**

### **ENERGY MANAGEMENT**

- ▶ Energy Management Systems
- ▶ Building Automation Systems
- ▶ Industrial Process Controls
- ▶ Standby & Backup Power Systems
- ▶ Power Quality Systems/ Services
- ▶ Energy Storage
- ▶ Consulting & Contracting Services
- ▶ Window Film
- ▶ Internet Energy Management
- ▶ Monitoring & Metering
- ▶ Cloud-Based Facility Management

### **ENERGY SERVICES**

- ▶ Energy Marketers
- ▶ ESCOs
- ▶ Energy Auditing
- ▶ Performance Contractors
- ▶ Financing Companies
- ▶ Power Quality
- ▶ Renewable Services

### **CLOUD-BASED SOFTWARE**

- ▶ Facilities Management
- ▶ Maintenance Management
- ▶ Building Automation
- ▶ Load Management

### **ENERGY MANAGEMENT SOFTWARE**

- ▶ Energy Usage & Billing Analysis
- ▶ Building Energy Simulation
- ▶ Project Management
- ▶ Life Cycle Costing Software
- ▶ Demand Forecasting

## **Lighting Efficiency**

### **LIGHTING & CONTROLS**

- ▶ LED Lamps & Tubes
- ▶ LEDs
- ▶ Lighting Control Systems
- ▶ Metal Halide
- ▶ Low Wattage Metal Halide
- ▶ Color Improved High-Pressure Sodium
- ▶ Compact Fluorescent
- ▶ Twin & Quad Tube Fluorescent
- ▶ Cathode Cutout Fluorescent
- ▶ Fluorescent Reflector Lamps
- ▶ Halogen & Selective Coated Incandescent
- ▶ Low Wattage H.I.D. Lamps
- ▶ Instant Restrike H.I.D. Lamps
- ▶ Krypton-Filled Lamps
- ▶ Photoelectric Controllers
- ▶ Motion, Sound & Ultrasonic Sensors
- ▶ Automatic Dimmers
- ▶ Electronic Switches

### **BALLASTS**

- ▶ Dimmable Ballasts
- ▶ Electronic Instant-Start Ballasts
- ▶ Heater Cutout
- ▶ HPF Ballasts
- ▶ Power Quality Products

### **FIXTURES & OPTICS**

- ▶ LED (Solid State Lighting)
- ▶ LED Fixtures
- ▶ Reflectors
- ▶ Daylighting
- ▶ Skylights
- ▶ Light Pipes
- ▶ Indirect Lighting Fixtures

### **LIGHTING SERVICES**

- ▶ Software Products
- ▶ Preventive Maintenance Management Services
- ▶ Lamp & Ballast Disposal Services

## **Facilities Management**

### **FIRE PROTECTION & SECURITY**

- ▶ Emergency Lighting/Exit Signs
- ▶ Fire Detection Systems

### **SOFTWARE SOLUTIONS**

- ▶ Computerized Maintenance & Management Software (CMMS)
- ▶ Maintenance, Repair & Operations (MRO) Software
- ▶ Facilities Management
- ▶ Project Management
- ▶ Life Cycle Costing
- ▶ Building Energy Simulation
- ▶ Demand Forecasting
- ▶ Process Control
- ▶ Automation

### **MANAGEMENT, MAINTENANCE, PRODUCTION**

- ▶ Power Quality
- ▶ Insulation
- ▶ Lighting Maintenance
- ▶ Machine Tools & Accessories
- ▶ Lubricants & Polymer Compounds
- ▶ Roof Repair & Replacement
- ▶ Storage Tanks
- ▶ Protective Coatings & Corrosion Control
- ▶ Labels, Tapes, & Signs
- ▶ Roll-up Doors

### **INSTRUMENTS, CONTROLS, & TELECOMMUNICATIONS**

- ▶ Data Collection Devices
- ▶ Measuring/Metering Instruments
- ▶ Flow Measurement
- ▶ Sensors & Transducers
- ▶ Silencing Equipment
- ▶ Testing Equipment

### **INDUSTRIAL ELECTRICAL SYSTEMS**

- ▶ Batteries, Chargers, & Controls
- ▶ Distribution Systems
- ▶ Protective Devices & Enclosures
- ▶ Generators
- ▶ Metering & Timing Devices
- ▶ Wire & Wiring Devices
- ▶ Motors & Drives

### **WATER CONSERVATION**

- ▶ Flow Controls
- ▶ Water Conserving Boilers & Steam Systems
- ▶ Cooling Equipment Retrofits
- ▶ Multipass & Closed Loop Cooling Towers
- ▶ Water Conserving Fixtures
- ▶ Waterless Urinals
- ▶ Leak Detection & Repair

For More Information  
or to Exhibit, Please Contact...  
**Ashley Clark** | Exhibits Director  
770.279.4392 | [ashley@aeecenter.org](mailto:ashley@aeecenter.org)

## High Performance & Smart Building Systems

### BOILERS & COMBUSTION CONTROLS

- ▶ Packaged High- & Low-Pressure Boilers
- ▶ High-Efficiency Firetube & Watertube Boilers
- ▶ High-Efficiency Gas-Fired Boilers
- ▶ High-Efficiency Electric Boilers
- ▶ Waste Heat Boilers
- ▶ Mass Burn Boilers
- ▶ Combustion Controls
- ▶ Burners & Steam Traps
- ▶ Steam Distribution Systems
- ▶ Heat Recovery Systems
- ▶ Emission Monitoring & Control Equipment

### ROOFING & BUILDING MATERIALS

- ▶ High-Efficiency Roofing Systems
- ▶ Green Roof Technologies
- ▶ Solar Roofing Systems
- ▶ Energy-Efficient Doors & Windows
- ▶ Window Coatings
- ▶ Recycled & Composite Building Materials

### HVAC & BUILDING SYSTEMS

- ▶ Energy-Efficient Cooling & Heating
- ▶ Energy-Efficient Chillers
- ▶ Absorption & Engine-Driven Chillers
- ▶ Desiccant Cooling Systems
- ▶ Gas Cooling Systems
- ▶ Solar Thermal Process Heat Systems
- ▶ Radiant Heating
- ▶ Thermal Storage Systems
- ▶ Heat Exchangers
- ▶ Heat Pumps
- ▶ Heat Recovery Equipment
- ▶ Georexchange Tech.
- ▶ Compressed Air Equipment & System Management
- ▶ Variable Speed Drive Fans & Pumps
- ▶ Variable Air Volume Controls
- ▶ Refrigeration Controls
- ▶ Flow Control Devices
- ▶ Temperature Controls

## Distributed Energy & Renewable Technologies

### ON-SITE GENERATION

- ▶ Distributed Generation
- ▶ Microturbines
- ▶ Combined Heat & Power
- ▶ Power Generating Boilers
- ▶ Fuel Cell Power Plants
- ▶ Natural Gas-Fired Cogeneration Systems
- ▶ Renewable Powered Cogeneration Systems
- ▶ Standby Power Systems
- ▶ Reciprocating Engines
- ▶ Instruments & Controls
- ▶ Peak Shaving Gensets
- ▶ Industrial Switchgear

### GEOTHERMAL

- ▶ Heat Pumps
- ▶ Closed-Loop Systems
- ▶ Open-Loop Systems
- ▶ Self-Contained & Split Systems

### FUEL CELL & SYSTEMS

- ▶ PEM Systems
- ▶ Phosphoric Acid Systems
- ▶ Solid Oxide Systems
- ▶ Molten Carbonate Systems
- ▶ Cogeneration Systems
- ▶ Power Plants

### POWER MANAGEMENT

- ▶ Energy Storage
- ▶ Backup Power Systems

### SOLAR

- ▶ Stand-alone Systems
- ▶ Grid-connected Systems
- ▶ Building Integrated Photovoltaics
- ▶ Solar Roofing Systems
- ▶ Passive Solar Technologies
- ▶ Solar Thermal Process Heat Systems

## Northeast Green Showcase Walk the Green Carpet

Exhibitors are invited to participate in this focused area of the exhibit hall. Highlight your role as a leading provider of environmentally friendly, green energy efficiency-related products and services by selecting a booth in the Northeast Green Showcase.

“The **attendees recognize** our company’s additional **contributions** to make this event a **success** year-after-year.”

## Exhibit Hall Workshops Engage a Dedicated Audience

Exhibitors have the opportunity to present technical applications and success stories in specially designated areas of the exhibit hall. Both conference and “exhibits only” attendees will be invited to attend these special workshop presentations free of charge. Register early to reserve a time slot.

**100%**  
of exhibitors rated the pre-show marketing and on-site support they received from the expo team as positive.

[globalconevent.com](http://globalconevent.com)

# Maximize Your Reach

before, during and after  
the event with these additional  
marketing opportunities.

## Advertising

### Position Your Company

Get your company's position and message in front of prospects as early as possible by advertising in GLOBALCON marketing publications. Select a level of investment that fits your budget and achieves the exposure you need. Some of your options include:

- ▶ Exhibit Hall Directory
- ▶ Show Website Banner
- ▶ Attendee eNewsletter
- ▶ Buyer's Guide
- ▶ Aisle Signage
- ▶ Literature Showcase

## Sponsorships

### Build Your Brand

Whether its pre-show, onsite or post-sponsorship, the investment will help your company stand out from your competition, maximize exposure and bolster your booth traffic. Some of your options include:

- ▶ Expo Host
- ▶ Premium
  - ▶ Diamond
  - ▶ Platinum
  - ▶ Gold
  - ▶ Silver
  - ▶ Bronze
- ▶ CWEL Sponsor
- ▶ Career Center Sponsor
- ▶ On-Site Events
  - ▶ Reception
  - ▶ Opening Session
  - ▶ Breaks (Coffee/Tea)
  - ▶ Networking Lunch
  - ▶ Lanyards
  - ▶ Tote Bags
  - ▶ Welcome Banner

FREE WORKSHOP Area 2

Registration

### Move in and Setup

- ▶ Monday, March 18th from 2pm-5pm
- ▶ Tuesday, March 19th from 8am-5pm

### Show Days:

- ▶ Wednesday, March 20th from 10am-4pm
- ▶ Thursday, March 21st from 10am-2pm

### Dismantle and Move out

- ▶ Thursday, March 21st from 2pm-8pm
- ▶ Friday, March 22nd from 8am-12 noon

### Booth Height Restrictions

- ▶ In-line standard booths may not exceed 8' in height.
- ▶ Island displays larger than 10x10' may exceed 8' in height.

### Booth Costs

- ▶ \$2850 per 10'x10' booth space

### Your Exhibit Includes

- ▶ Two complimentary conference registrations.
- ▶ Unlimited Free Expo passes in digital format with your company name, saving guests the \$95 show admission fee.
- ▶ 20 reduced rate conference registrations in digital format with your company name.
- ▶ Personalized exhibitor badges for all booth personnel.
- ▶ 8' curtained backdrop and 3' standard side drape.
- ▶ 7"x44" standard company ID sign.
- ▶ Booth Carpeting is NOT included, but is required.
- ▶ Logo in Preshow News (Deadline October 1, 2018).
- ▶ Exhibitor service kit for planning all your onsite needs.

\* Floor plan subject to change without notice  
\*\* Booth Spaces 603, 605, 607, 609, 613, 615, 619, 621, 625 are sized 9' deep x 10' wide.

As an Exhibitor in the GLOBALCON 2019 show, we hereby agree to conduct business in a professional manner, to observe the regular hours of the exposition, and to the following terms and conditions:

1. Exhibitors will indemnify, defend, and hold the Association of Energy Engineers (AEE), AEE Programs, Show Management and its contractors, show hosts, sponsors, and cosponsors, and the Hynes Convention Center harmless from any claims, losses, expenses, (including attorneys' fees) and liability arising in connection with the "Association's" meeting being held at the Hynes Convention Center, Boston, MA, March 18-22, 2019. Exhibitor agrees to make no claims whatsoever for loss, theft, damage, destruction of goods; nor for any injury to himself or employees while in the exposition quarters; nor for any damage of any nature, including damage to his business, nor for any loss resulting from labor disputes, acts of God or nature, or any action of any nature of AEE, AEE Programs and Show Management. Force Majeure: In the event the Exhibit Hall or any part of the exhibit area thereof is unavailable whether for the entire event, or a portion of the event as a result of wind, fire, flood, tempest, act of God or nature, or any other such cause or as a result of governmental intervention, malicious damage, acts of war, acts of terrorism, strike, lockout, labor dispute, riot or any other cause or agency over which Show Management has no control, or should Management decide that because of any such cause it is necessary to cancel, postpone, or resite this show, AEE, AEE Programs, Show Management, Host, and Sponsors shall not be liable to indemnify or reimburse the Exhibitor in any respect of any damage or loss, direct or indirect, arising as a result thereof.
2. Upon submitting booth contract we understand and we agree to adhere to the cancellation policy terms (No. 8). If we cancel, we will be charged at a minimum 50% of the published booth fee for the number of spaces we have contracted.
3. Exhibitors are advised to carry floater insurance to cover their exhibit material against damage and loss and public liability insurance to cover against injury to the Exhibitor, its staff, and to injury to others. All property of Exhibitor is understood to remain under its custody and control in transit to and from and within the confines of the exhibit area and Exhibitor shall maintain insurance covering Exhibitor's property. Exhibitor shall also carry comprehensive general liability and property damage liability and statutory Workmen's Compensation with employers' liability. Appropriate Certificates of Insurance shall be furnished by Exhibitor upon request by Show Management or its contractors. Obtaining insurance and amount of insurance remains solely the responsibility of the Exhibitor.
4. In island spaces with aisles on all four sides, overhead panels or "bridge type" construction may be permitted. No exhibit shall be permitted to interfere with a neighboring exhibit. Island exhibits must not include a back wall that blocks visibility of neighboring booths. In-line booth side-dividers of a height in excess of 36" must not extend further than three (3) feet out from the back wall. Booth walls or equipment displayed must not exceed eight (8) feet in height. Any exceptions must first be approved by Exhibition Management. Exposed/unsightly portions of booth may be ordered "masked" by Show Management — the expense for which is the sole responsibility of the Exhibitor. Carpeting of exhibit space is required. AEE Programs retains the right to change the expo floorplan and Exhibitor's booth location without prior notice.
5. Internet advertising is available to current Exhibitors who have submitted at least a 50% booth deposit. Special exhibit/packaged rate reflects a significant discount off of regular Internet advertising rates and may not be combined with any other offers. The Association of Energy Engineers reserves the right to reject advertising for any reason whatsoever.
6. All exhibits must be set up by 5:00 pm the evening prior to the opening of the show. Booth space not set up and claimed by the evening prior to the show opening will be forfeited and may be reassigned by Show Management at its discretion. AEE Programs reserves the right to force set an exhibitor's booth if freight has been delivered or remove freight from the floor prior to show opening. All charges will be applied to exhibitor's account.
7. Regulations and Compliance: No explosives, fuel, combustibles, or hazardous materials, decorative materials not fireproof nor flameproof, or any materials or substances deemed hazardous under applicable fire regulations may be brought into the Exhibit Hall. Exhibitor must observe all union regulations in force in the Exhibit Hall and use qualified personnel for services. All Exhibitor's electrical, pneumatic, and hydraulic equipment must meet requirements of all applicable electrical and safety codes.
8. Cancellation, change of space, change of Exhibitor information, and refund policy:
  - (a) Exhibitor agrees to notify Show Management in writing if it needs to change its booth size, change its company listing and/or contact information, as well as if it needs to cancel out of the show.
  - (b) Written cancellation received by Exhibit Manager more than 120 days prior to the opening date of the show, cancellation fee of 50% of total booth cost (Internet and directory ads are non-refundable) will be assessed.
  - (c) Written cancellation received within 60 to 120 days prior to the opening date of the show, cancellation/ penalty fee of full amount of booth cost (Internet and directory ads are non-refundable) will be assessed regardless of cancellation notification, and no refund will be made. Exhibitor will be billed accordingly.
  - (d) Written cancellation received less than 60 days prior to the opening date of the show, total payment for the booth space (Internet and directory ads are non-refundable) is due regardless of cancellation notification, and no refunds will be made.
  - (e) If an Exhibitor decreases its booth size from the original contract, it will be deemed a cancellation for the booths decreased, and the show's cancellation schedule will apply. Exhibitor agrees to immediately notify AEE Programs Show Management in writing prior to the show of any changes in company profile. Upon submitting the reservation/contract form, exhibiting company is liable for payment for applicable booth space fee. No refunds or transfers of Exhibitor funds are permitted. In case of a dispute, the governing laws of Georgia will apply. Any legal or collection-related costs incurred by Show Management resulting from delinquent payment by Exhibitor will be paid by Exhibitor.
